

Site Engineers - All Grades

We are currently seeking Site Engineers for full-time permanent positions. We are interested in speaking to Engineers with various levels of experience.

The positions are site based and vary depending on the project. The roles generally entail setting out, site surveying, assisting procurement department, assisting commercial department, completing SHEQ forms, tracking site records, completing labour and plant returns, and general site civil engineering daily tasks.

We also have vacancies for senior engineers to oversee more junior site engineering teams. The work will be varied, and you will form part of a wider dynamic project delivery team.

The Candidate:

- Must hold a Degree in Civil Engineering or similar
- Must have a minimum 3 years of recent experience on Civil Engineering projects in Ireland or the UK
- Must have excellent communication skills, exceptional oral and written communication capabilities
- Must have knowledge setting out equipment including GPS, site engineer level, total station
- Must have Excellent MS Office skills
- Must have an ability to work within a dynamic team of professionals
- Preferably have an ability to perform multiple tasks at a high level of quality
- Preferably have an ability to work well under pressure and within a deadline environment

What is on Offer:

- Competitive salary for the right candidates
- Pension benefits
- Bonus
- Excellent Career Progression
- Excellent locations
- Opportunity to gain experience on large infrastructural projects as part of a wider project team

Experience:

- 3 years site experience in Ireland or UK (Mandatory)
- Experience on Civil Engineering projects (Mandatory)
- Experience in roads or utilities industry (Preferred)
